## CONFEDERATE VETERANS REUNION

Small Attendance But Enjoyable Occasion.

Select Sequatchie Again For Their Meeting Place Next Year.

The Confederate Reunion held here Monday was a small but enjoyable affair, the old boys of the Confederacy greatly enjoying the day. The following were present: Dr. J. M. Cotnam of South Pittsburg, F. M. Shirley of Whitwell, S. M. Torbett of Jasper, A. M. Kirkpatrick of South Pittsburg, A. J. Childress of Whitwell, Douglass Jarnagin of Jefferson City, C. J. Faris of Bridgeport, Ala., W. A. Phelps of Dunlap, W. H. Hackworth of Cedar Spring, Stewart Johnson of Dunlap, John Myers of Jasper, and W. A. Wolfe of Jasper.

The morning was devoted to fraternization at the Blowing Spring, where a most substantial dinner was served the soldiers at noon.

At one-thirty adjournment was made to the Town Hall where the following program was rendered:

Song—"Shall We Gather at the River."

Address of Welcome, W. C. Hill. Song—"Beautiful Country Somewhere."

Address, Rev. F. M. Shirley of Whitwell.

Song, "Look how This World Has Been Changed."

Reading—"The Dying Cavalry Man," Douglass Jarnagin.

Election of Officers.

Song—"God Be With You Till We Meet Again."

At election of officers, W. C. Shirley, of Whitwell, was elected commander for ensuing year. It was decided to hold the next reunion at Sequatchie, in September, 1920. There were three votes for Jasper, and four for Sequatchie.

The reading by Douglass Jarnagin was a poem of his own composition, and was very effective.

The singing was conducted by a volunteer choir composed of W. E. Thomas, of Whitwell, and P. R. Hackworth of Cedar Springs, bass and tenor respectively, assisted by local talent.

The address by Rev. Shirley was greatly enjoyed. His talk, though of the impromptu order, was very pointed and closely followed.

## Paris, Texas.

Special to the News.

I will try to get a few dots together to send the News this morning. There is not much doing locally, crops are all made, grain about all threshed, hay about all put up. Fruits and melons are leading articles of attention now. Sweet potatoes are coming in some. I think the greatest interest is centered on the cotton crop. Some say it is ruined; others say it is not hurt very much. As the cotton is the greatest money crop of this country, they naturally watch it very closely.

Nationally there is quite a lot of confusion and wrangling over everything. It seems that everything and everybody is in an unsettled state of affairs. I know it is hard to get along and live, it is so all the way along the line from top to bottom. We had all just as well make up our minds to wait a little while until things adjust themselves. Let the people all make up their minds to each one bear their part of the burden and make such sacrifices as are necessary to get along at this time. There is a lot spent on investigating strikes, etc., and the deficiency in the cost of living, and after all of the investigations and probing they are no farther along than when they began. Why should we depend on government legislation? Our government is nothing but men, just men, and they have their idea as to the right thing to do to bring about desired results. They may be right and they may be mistaken. One thing certain there will never be any adjustment that will be satisfactory to all as long as there is so much confusion among the people, and room for grafters as there is at present. Take the railroads and pay every dollar for operating expenses and allow the owners nothing for the use of the money they have invested. The employees would not be satisfied and if the employees would agree to let their salaries be cut in half that would not give satisfaction. My way of thinking is for everyone to bear their part of the burden in labor and capital.

I must stop and help devour a watermelon. I just now bought one for 40c. Weighs about 35 or 40 lbs. Looks like all of the correspondents have gone to sleep on their jobs. There are just a few of them that I know or I would—oh, yes, I guess I would. Anyway I would not allow them to eat a watermelon when they failed to write a letter as often as three times a month.

As I have to help peel a bushel of pears, I guess it is about time to get busy. Lone Star.

## CUMBERLAND FARMS SELL

Lands in That Section Find Ready Buyers at Good Prices.

Crossville, Aug. 29.—Farms changed hands in Cumberland county last week at a lively rate. Joseph Baker, of Jefferson county, purchased the Lowery farm, comprising 439 acres, from J. B. Johnson. It will be developed as a stock farm. His nephew, Jas. Schreider, purchased the O. H. Overdell farm, comprising 118 acres, including the stock and growing crops. J. N. Gryder, also of Jefferson county, purchased the Lincoln Hyder farm near Vandever, from J. Q. Wyatt, consisting of 195 acres. James Putnam purchased the Overdell farm near Vandever, comprising 100 acres. J. H. Findley has purchased 4500 acres of farm and timber lands in the county, including the Redwine farm on Grassy Cove road. S. W. Rose, who went to Idaho to locate, has returned and has purchased a portion of the farm back, which he sold to Michael Hale. These lands are selling at \$10 an acre and up, but when cleared and put in growing crops, are easily worth \$50 an acre and up. In fact, persons who see their productivity are surprised both at the results and that the lands sell for so little.

## OVER 30-FOOT BLUFF

Ford Car Dashes, Carrying Young Man Into Cumberland Springs.

Tullahoma, Sept. 1.—A Ford car dashing over a 30-foot bluff at Cumberland Springs, in Coffee County, carried Clyde Manley, of Tullahoma, down with it into 30 feet of water. Fortunately the top was down and Manley swam out uninjured. Manley, who is the son of Mr. and Mrs. Lee Manley, of Tullahoma, and another youth, Edward Dewey, had gone to Cumberland Springs, and stopped the car on the bluff overlooking the lake. After they got out the brake failed to hold and the car commenced moving in the direction of the edge of the bluff. Manley jumped into it, but became entangled in the levers and could not get extricated in time to stop it, and he was carried over into the lake. The car, which was the property of Dr. J. C. Stone, was fished out.

## OFFICER CHAS. BAKER

With Family Spending Vacation in This County.

Mr. and Mrs. Chas. Baker and family are spending vacation days with relatives in this county. Mr. Baker is an officer on the Chattanooga police force and has frequently been over here among the good people of the valley, his wife being a sister of Mrs. Orpha Coppinger of Little Sequatchie Cove. He reports it the big time of his life to be over here, with plenty to eat, but says you can't get anywhere when you start out walking, owing to the habit everybody has of exchanging pleasant greeting and friendly chitchat. It is an old-time custom of Sequatchie Valley, but very pleasant and decidedly social.

## AUTO ACCIDENT

Nick Shelton's Car Knocked Into Ditch by Youthful Driver—Aged Lady Injured.

A Ford car driven by Nick Shelton of Inman, was knocked into a ditch at Kimball Friday night by a car driven by a youth, Raulston McDaniel, of South Pittsburg. Shelton was coming from So. Pittsburg, and met McDaniel near a culvert on the highway. McDaniel swerved to avoid a collision, as did Shelton, also, but his car, at the rate of speed he was driving seems to have become unmanageable and it turned back into the middle of the road, knocking Shelton's car into the ditch with such force that it was left across the ditch with one wheel smashed, and other damage. Mrs. Sallie Holloway, an aged lady, who was returning with Shelton, was knocked about in the car so roughly that she was badly injured with bruises and sprains, but no bones broken. Another car was secured to convey her to her home at Looney's Creek.
